School name: Instituto Superior Tecnológico de Fútbol Quito

Graduation: November 2021

What work will you pursue with your program?

Creating a soccer training school and collaborating with a professional soccer team as Technical Director, Physical Trainer, Technical Director, and Goalkeeper Coach.

The Foundation

I met Mike and Margarita at CMT when I was in the homework club where Mike and Margarita were in charge. They taught me classes, and we also used to play games. They help me a lot, like paying for my studies; they paid for my orthodontics and many other things. When I attended preparatory classes to enter the University directed by DEOF on Saturdays. I learned a lot of new things that I didn't get in high school. I enjoyed the classes a lot. DEOF is a family to me. They have helped me and my family a lot financially.

COVID Disruption

It was something that surprised everyone. In the beginning, it scared us a lot, and we didn't leave the house. Later, because of the economic impact, we went out to work. I went out with my uncle to deliver beds. Many people died. Thank God with my family we had the opportunity to start a business, and we have done well.
