

PAOLA BAQUE

Quito

How many siblings do you have?

I have 3 siblings

Do you have any pets?

I don't have any.

What are your favorite pastimes or hobbies?

Watching movies with my family

Are you working? What type of work are you doing?

I work at times in critical patient care and COVID-19 patients.

Studies

Academic program: Nursing assistant technician (similar to an LPN credential)

School: Liberty Technical Institute

Graduation: March 2019

What work will you pursue with your program?

Finding a stable job in my career because I like my profession.

The Foundation

I met Mike at the CMT in ninth grade, when he was teaching me mathematics. After a few years, we met again, and they have given me the opportunity to study for the career I have now. Thanks to the foundation that has supported me morally and financially. DEOF is a great opportunity and a blessing to move forward.

COVID Disruption

The experience with Covid-19 disease has been difficult because it is a new disease that we did not know how to handle. Those days were very complicated but during the year that I have been working with Covid-19 patients, I learned, I can leave fears behind and that they can bring you joy and so help others in hard times.
